

Water Tour

Thursday, June 16
8:00 a.m. - 4:30 p.m.

Begins and Ends at
Hermiston High School

Tour Objectives:

Local, state, and federal leaders are investing in projects that will increase the sustainability of water resources for decades to come. Learn how water is managed, stored, transported, conserved, and used in the Columbia Basin and the value of sustainable water supplies to the state and local economy.

Tour Highlights:

Groundwater and Surface Water 101
Regional Water Bus Tour
East Project Pump Station
Precision Irrigation
Golden Canyon/Golden Valley
Madison Ranches
